Emmaus Inclusion Statement

- * At Emmaus we are committed to the principles of inclusion and ensuring equal opportunities for all.
- * We believe that self-esteem, a positive self-image and a 'can do' culture will impact on our children's engagement and readiness for learning.
- * Our shared school planning and development are underpinned by the principles of INTENT, IMPLEMENTATION and IMPACT.
- * We work hard to work holistically to ensure that every member of our school community feel valued, safe and included.
- * We welcome and promote the well-being and progress of all our children and strive to overcome barriers to learning.
- * We endeavour to create an ethos and an educational environment that is person centred and has the views and needs of the child at its heart along with their families/carers.
- * We encourage a strong focus on high aspirations and on improving outcomes for all children to enable them to succeed and be happy in school and make a successful transition into adulthood.
- * We adopt a person centred approach, fostering and promoting effective collaboration with children, parents/carers and outside agencies.
- * We encourage and engage the participation of children, parents/carers and any relevant agencies in the decision making, planning and review of outcomes.
- * Our aim is to enable full access for all children to all aspects of the school curriculum and the wider school life and activities.
