Mission Statement

We are friends journeying with Jesus in faith, hope and trust as we live, love and learn together

## We Will Remember

On Tuesday this week, we had a special service for Remembrance Day. On this day we remember all the people who fought in the two World Wars. Many gave their lives so we can live freely today.

This service was wonderful as all staff and children showed great respect. Thank you to Mrs Newton for her beautiful singing and to the Reverends Kate and Kirsty who shared important messages about the red poppies we all wear. Thank you to our children and families for supporting this charity The Royal British Legion.

Thank you to our RE Ambassadors for their part in this lovely service and to our RE Co-ordinator Miss Dickson for making it so special and memorable.

TOUS ENSEMBLE, EN CHEMIN AVEC JESUS

### Attendance News

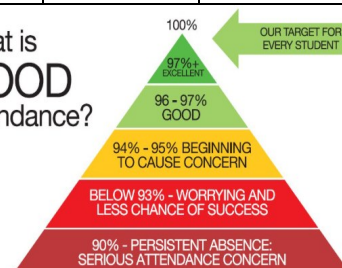

Well done to 1F on being the top Infant attenders with a wonderful 98.57%!

Well done also to 3H and 4MW on being the joint top Junior attenders.

Thank you to all the parents who are making their medical appointments at the most convenient time so that it does not affect the children's attendance. Please can we remind you to let the school office know if your child does have a medical appointment by uploading evidence on the Parentapp. This ensures your child receives the correct attendance mark for the session.

Thank you for your continued support.

What is GOOD attendance?

Compassion is the great form for love humans have to offer

**Parents Evening**

Next week we will be holding our Autumn Parents Evenings on Tuesday 18th and Thursday 20th November.

We would ask that you only arrive within a few minutes of your appointment so as to avoid congestion and adhere to your allotted 10 minute time slot. You should enter through your child's outside classroom door and leave via the corridor, where you will have the opportunity to view your child's books.

All parents should now have an allocated time slot. If you have any queries please contact the school office.

Thank you for your continued support.

**Payments to School**

Please can we ask ALL parents to log onto their School Gateway app this weekend and check that all payments and consents are up to date.

Out of hours clubs are very popular at the moment and we have children on the waiting list. Please ensure your accounts are up to date to secure future bookings.

Also, if your child wishes to change their school meal preference YOU MUST INFORM THE SCHOOL OFFICE so their default meal pattern can be altered. The cook orders the food at least one week in advance and it is really important that we have accurate numbers. Children cannot swap about and must stick to their meal default pattern.

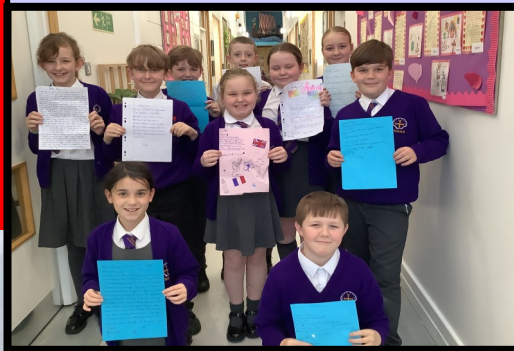

Thank you for your support and assistance.

**News from Year 6**

Year 6 were very happy and excited to receive letters from their new Parisian pen pals this week.

They are looking forward to replying in French to their friends in Collège Édouard Pailleron in Paris.

Bravo à tous!

**News from Reception**

The Reception children held their '2 minute silence' outside on Tuesday by our school flags.

This is a lovely way to show their respect and thanks for those who fought for our country. Well done children, we are very proud of you.

**Good Quality Used Uniform**

Do you need a few spare items of uniform - take a look in the front entrance porch where you will find a selection of uniform to buy at just £1 per item.

Any money raised goes into School Fund and benefits the children.

Dear God,

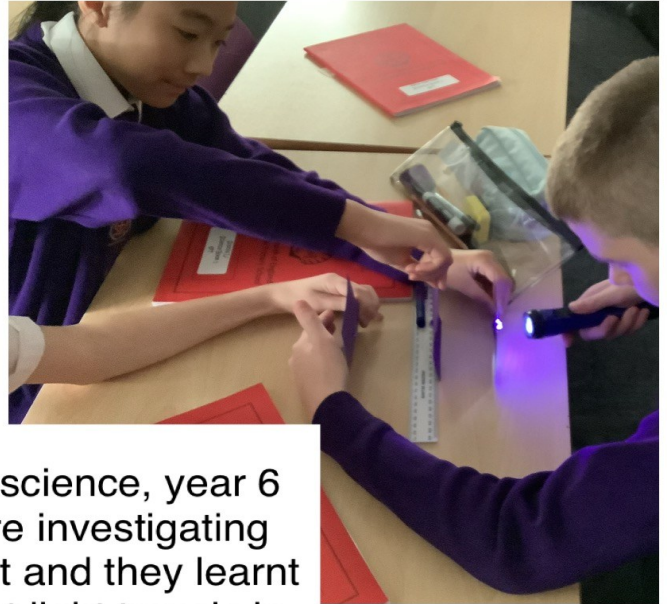

We gather today as a school to remember those who stood for love and truth, and thank you for the sacrifice they made for me and you.

Thank you that we can now enjoy peace and learn to love, not fight. Thank you that we can now sing and play, and not be scared or hide.

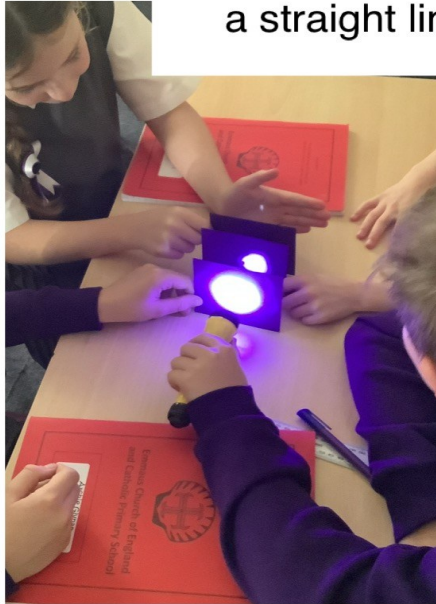

We pray for other countries where children live in fear, and there is war and fighting and many are in tears.

Please help to make things better, and bring some peace to them. Protect all those who try and help to make friends and peace again.

Amen.

In science, year 6 are investigating light and they learnt that light travels in a straight line.
